## **DAVIS COMMUNITY CHURCH • DAVIS, CALIFORNIA**

"Steve, on behalf of Davis Community Church, I cannot begin to convey my gratitude for the design work you have done for us. Everything you did met high standards for excellence, showed support for our vision, and was done in a timely manner. As each new piece of the church capital campaign came out, the campaign leaders were all very impressed with how good everything looked. Now, speaking for myself, I am so grateful for the way you worked with me personally, knowing this was all entirely new to me. With Kurt's knowledgeable input about content, and your skills at what you do, I felt we couldn't lose...and I was right! You can be sure that, if we ever need more church fundraising campaign work done in the future, Catalyst Faithworks will be the one we call on."

*Betty Lou Schultz*  
Communications Director

## **PERIMETER CHURCH (PCA) • DULUTH, GEORGIA**

"First of all, a heart-filled thanks to you and your team. It could not have gone any better.

Although we are a church that has all the resources in-house to cover a church stewardship campaign, we were all completely covered in our day-to-day efforts. I needed a team that required very little ramp-up time and that was already well versed in the area of church capital campaigns. What I discovered was a team of highly qualified experts with an attitude of service and work ethic that makes the Eveready Bunny look like a slacker. The fact that your team was already familiar with the tools and formats used by our consultant meant that there was no learning curve and we could hit the ground running.

In one meeting your Faithworks team was able to grasp the scope and feel of our campaign, and in a matter of days present us with several options to choose from. From there you were quick to make adjustments and with great commitment and zeal you made every deadline and then some. I can honestly say, if it were not for the knowledge, experience, talent and tenacity of your team there is no way we could have had such a coordinated and visually strong campaign package.

Again, it was such a pleasure working with such an expert team. God has blessed Catalyst Faithworks with many gifts, and thank you for sharing them with us, so that we in turn, can give back a resources to our community. You were so selfless throughout the process. Thanks for the long hours and extremely quick turnaround!"

## **EASTSIDE BAPTIST CHURCH • MARIETTA, GEORGIA**

"I would like to take this opportunity to endorse Catalyst Faithworks for the great work you did for us. I have to confess that when we began our church stewardship fundraising, I really questioned whether or not we could pull together all the marketing pieces needed to facilitate the building of our youth and childrens' facility.

Looking back, I know it never would have been successful without your deep experience.

The factors in our success came from the three big benefits of this web interface approach to campaign communications:

- 1.) free communications consulting to help determine the design direction as well as a turn-key design & printing solution
  - 2.) custom church capital campaign logo development using the aid of your 244 online logo samples for Ideas
  - 3.) semi-custom design solutions leveraging the hundreds of church fundraising design concepts ...with an easy process
- I fully endorse Catalyst Faithworks ...and I would be happy to speak with anyone considering a similar project."
